

To the Texas wrestling community and all supporters of wrestling,

It is with great pleasure that I announce that I will be hosting a Super 32 Qualifier in the greater Houston area on September 13th, 2014 at Clear Springs High School in League City, Texas. Super 32 has become the premier pre-season folk style tournament for the country attracting participants from all over the country, culminating in over 1,600 participants yearly.

The purpose for the Qualifier is for wrestlers to get an opportunity for pre-season mat time. It also provides the top 4 in each weight class an opportunity to register for Super 32 earlier than all other participants, as Super 32 fill up to capacity the first few hours registration is open. For all Texas coaches who are concerned about out of season competition rules, this is not a state sanctioned UIL tournament. While you can't personally coach your kids in this tournament, you can certainly send them without a USA card as insurance is provided by the NC MAT when they pay the registration fee at www.viciwrestling.net.

It is imperative that we as a state support the growth of wrestling, as there were only 19 participants from the state of Texas last year, and much hesitation was given when we offered to become a venue for the qualifying tournament. Registration will open up August 4th 2014 and will remain open until September 10th 2014. Although wrestling is fairly new to the State of Texas as a UIL sport, let us show the nation our growth and our passion for the sport!

Yours in Wrestling,
Joe Forsman
